

## Security Expert Labs

You have all of the required product capabilities, but you could use a helping hand to guide you. With IBM Mobility Success Services - Security Expert Labs, take your IBM® Security MaaS360® deployment to the next level.

### Reduce Time to Deployment and Increase User Adoption

Get paired with an experienced industry leading consultant to help your organization execute on its management objectives for endpoints. Whether your device counts are skyrocketing, or you have far too many tasks on your plate, we're here to help you get through it quickly and efficiently. From 100 to 100K device deployments, we know how to avoid common pain points and prepare for the unknowns.

### Our Service Offerings

#### Quick Start

Provides mobility implementation guidance to maximize investment in less than a week.

#### Mobility Training

Provides workshops to skill up helpdesk, operations, and administrators on MaaS360.

#### Consultant on Demand

Pairs you with a MaaS360 subject matter expert to achieve top goals and consult on any UEM topic. Available in increments of 10 or 20 hours.

#### Health Check

Assesses the current deployment against use cases, future goals, and industry practices in a half-day session. Concludes with a scored report and recommendations.

### Why MaaS360 Security Expert Labs?

#### Flexible Options

Thinking of starting a BYOD program? Need to contain your apps and content? Considering a diverse set of deployment options?

#### Time to Value

We've all been there...where your project takes months or never gets fully implemented. Don't drag out your strategic mobility projects.

#### Easy Deployment

We'll guide you step-by-step with the deployment option of your choosing and help get you integrated with enterprise systems.
